KUUCOMR

Spanish Edition of Cominform Journal "Por una paz duradera,
por una democracia popular!"

1. In connection with one of our black plans, as discussed in HUL-4-596 and in line with your GUAT 539, we should greatly appreciate receiving from you as much of the following information as you can procure within the next week without diverting your attention from your main assignments:
2. a) Is subject journal distributed in Guat at all?
b) If so, can you estimate whether scores, hundreds or thousands of copies of every issue are distributed?
c) Is distribution done by mail or is it sold on newsstands or in book shops or in the offices of the PGT or how?
d) If it is received by mail, are individual copies directly mailed from Bucharest, Rumania (where it is published) or from any other sender outside Guatemala or from a distributing office in Guatemala? In either case, we are interested in name and address of the sender, if possible also in an imprint of the rubber stamp which he uses on such mailings (or a sample of the envelope or other wrappings).
3. Any additional information concerning subject journal, for instance, names and addresses of any subscribers or names of Guatemalan Communists who write articles for it, etc., will also be welcome.
